

ASSEMBLY INSTRUCTIONS

ITEM NO.: 7-7771-6

B → A → C → D → E → F

1. Carefully unpack and identify all parts referring to illustration for parts identification.
2. Turn the power to the installation point OFF.
3. Unravel the supply power and ground wires and pass them through the center holes of nipple pipe (B), center stem (C), finial (D), center tube (E), (F) and canopy (G).
4. Install the nipple pipe (B) into the coupling of the fixture body (A).
5. Carefully place the center stem (C) over the nipple pipe (B) to the fixture body (A), securing with finial (D).
6. Thread the bottom of center tube (E) to the fixture body (A). Repeat process for remaining center tube (E), (F) as shown in the diagram, until snug.
7. Referring to the installation instruction with the product for the wiring and installation.
8. Install proper bulbs (not provided) to the sockets referring to the marking and/or labels on the fixture for maximum wattage.
9. Restore the power to the installation point ON.
10. Assembly is completely. Retain this sheet for future reference.
