

ASSEMBLY INSTRUCTIONS

1. Carefully unpack and identify all parts referring to illustration for parts identification.
2. Turn the power to the installation point **OFF**.
3. Connect the center rods together. Thread the center rods (B) into the nipple at bottom of loop assembly (E) until snug.
4. Install the socket assembly (C) to the bottom of the center rods (B). Hand tighten until snug.
5. Attach the loop assembly (E) to the frame (A) with screws (D).
6. Refer to the additional installation instructions included with the product for wiring and installation.
7. Install proper bulbs (not included) into each socket referring to the markings and/or labels on the fixture for maximum wattage.
8. Restore power to the installation point and retain this sheet for future reference.
