

## ASSEMBLY INSTRUCTIONS

1. Carefully unpack and identify all parts referring to illustration for parts identification.
2. Turn the power to the installation point OFF.
3. Install the tube (B) onto the nipple at the bottom of the fixture body (A).
4. Pass the support tube (C) through the hole of the glass shade (D) and install it into the coupling of the fixture body (A). Hand-tighten until snug.
5. Refer to the additional installation instructions included with the product for wiring and installation.
6. Install proper bulbs (not included) into each socket referring to the markings and/or labels on the fixture for maximum wattage.
7. Restore power to the installation point and retain this sheet for future reference.
